

CELSO RICARDO CORREIA

GAME LOCALIZATION SPECIALIST | ENGLISH → BRAZILIAN PORTUGUESE

Dublin, Ireland from 28 July 2026 • celsor.correia@gmail.com • LinkedIn • GitHub • Portfolio

PROFESSIONAL PROFILE

English-to-Brazilian Portuguese game localization specialist with experience in TTRPG rules, narrative content, terminology management, linguistic QA, technical documentation, and structured long-form workflows. Combines 200,000+ translated words, private study across 600+ TTRPG pages, 5+ years of tabletop game-mastering experience, and an eight-year background in technical support and software QA.

PROFESSIONAL EXPERIENCE

Freelance Translator / RPG Localization Specialist | Remote

Jul 2021 - Present

- Translated and localized 200,000+ words of TTRPG campaigns, rules text, narrative material, items, spells, and player-facing content.
- Maintained bilingual terminology, tone, style, readability, and cultural accuracy across long-form documents using glossaries and MateCAT.
- Completed private, non-commercial translation practice covering 600+ pages; all copyrighted material remains unpublished.

Technical Support Assistant II | Accesys Solutions

Apr 2017 - Apr 2025

- Handled 200+ monthly first- and second-level support tickets through phone, email, and remote access.
- Performed QA testing for 10+ software releases and identified 15+ critical issues before deployment.
- Reported 50+ bugs and enhancement suggestions per quarter, wrote 30+ troubleshooting articles, and trained junior staff.

SELECTED LOCALIZATION WORK

Iconia: Critters & Spells

Card-game terminology, concise rules, accessibility, and icon-language consistency.

Khaoz Age RPG

Narrative localization, coined terminology, divine titles, mythic voice, and worldbuilding governance.

Fifth Edition TTRPG Rules

Independent SRD 5.1 EN → PT-BR case study covering rules, conditions, metric adaptation, and QA.

CORE SKILLS

- EN → PT-BR localization
- Translation and editing
- Terminology management
- TTRPG rules localization
- Narrative consistency
- Linguistic and functional QA
